---

### Summary

---

Hello, my name is Evi Nur Annisa. I am a dedicated and creative Frontend Developer with a strong focus on designing and developing responsive web applications. With expertise in HTML, CSS, JavaScript and frameworks like React and Next, I strive to build user-centered interfaces that deliver great user experiences. My approach blends innovation and attention to detail, resulting in visually appealing and well-performing solutions. I enjoy working in close collaboration and am always interested in exploring and applying the latest technologies to improve web development. Also, I am still growing and striving to be a better Evi each day. Take your time, check my resume and see my skills. Thank you.
